

Helpful tips for using DUOBRII™

1

Apply once a day

2

Gently rub in a thin layer to plaques only

3

Stop once your psoriasis is better and you no longer feel the plaque*

* After that, you may use DUOBRII on and off as necessary. When you no longer feel the plaque, some colour may still be noticeable. This may fade in time, and doesn't require treatment. Talk to your doctor if you have any questions about how to use DUOBRII.

Ensure that skin is dry before applying DUOBRII. If you get redness, peeling, or discomfort you can stop or reduce how often you apply DUOBRII. For example, you can try only applying DUOBRII every second or third day until the area is better and then return to using DUOBRII as prescribed by your healthcare professional.

Please see the patient information leaflet for complete dosing and administration information.

Download your Experience DUOBRII Program resources online

Your Doctor has prescribed DUOBRII for you and this program has been designed to help you get started. You can access these **Experience DUOBRII Program** resources at www.ExperienceDuobrii.ca.

The following are available:

- “Understanding DUOBRII – A guide to your new psoriasis treatment” – information on using DUOBRII with helpful tips on how to apply it, frequently asked questions, and DOs and DON'Ts
- A Psoriasis Brochure from the Canadian Dermatology Association
- A video showing how to apply DUOBRII. It can also be viewed by scanning the QR code below.

The DUOBRII Patient Benefit Program provides financial assistance for patients prescribed DUOBRII who do not have access to coverage. Please contact your physician to obtain a co-pay card.†

† The co-pay card is designed to cover drug costs plus usual and customary mark-ups and dispensing fees not covered by provincial government drug plans. Bausch Health, Canada Inc. has no control over the specific mark-up and professional fees charged by each pharmacy.

In some cases, a pharmacy may charge premium mark-up and/or dispensing fee and these additional costs may be charged to you.

If you would like more information on DUOBRII, please call Bausch Health, Canada Inc. at 1-800-361-4261.
